HELPFUL INFORMATION WHEN USING THIS PRACTITIONER DIRECTORY

1. **PRIMARY CARE PRACTITIONERS (PCP):** The Health Plan practitioners are listed in alphabetical order under the correct specialties. They are also listed based on their county. You must choose a PCP from the list in the Primary Care section of this directory. You may change your PCP at any time by calling or writing The Health Plan.

   Non-Physician Practitioners can be Listed as a PCP
   Certified Nurse Practitioners
   West Virginia Physician Assistants
   Certified Nurse Midwife

2. **SPECIALTY CARE PRACTITIONERS OR SERVICES:** If you need a specialist or specialty services, your PCP will refer you to a practitioner who is a part of the Plan. You need approval from your PCP before getting care from a specialist. If you listed the OB/GYN with The Health Plan, you don't need any referral.

3. **EMERGENCY/URGENT CARE SERVICES: Unless it is urgent or an emergency, The Health Plan will not pay for care planned or given by practitioners who are not part of The Health Plan.** If you need urgent care, call your PCP first for advice. If you have an emergency and go to any emergency room, call your PCP as soon as you can. If you are admitted to the hospital, call your PCP to help manage your care. All follow-up care after emergency or urgent treatment must be done in the network practitioner's office to be paid. If you are told to see a specialist, be sure to check this book first. You can also call Customer Service at the phone number in this book.
   If you received medical care from a nonparticipating practitioner, do not pay the bill. Please send any bills to the Plan to review. You can also call Customer Service at the phone number in this book.

4. **DEFINITIONS:**

   a. "Emergency services" means covered services that are:

      1. supplied by a practitioner and
      2. needed to figure out and treat an emergency condition. Emergency services are paid for in and out of The Plan.

   b. "Emergency medical condition" is a medical condition that has severe, harsh warning signs. It can include severe pain. A prudent person might think the following could happen without immediate care:

      - severe risk to the health of the person or unborn child,
      - severe harm to bodily functions,
      - severe harm to organs.

   c. "Urgently needed services" means covered services generally given when a member is away from the Plan service area for a short time; but care is required right away. For example, there is sudden bad health, injury or condition. It is not reasonable to get the service through the Plan network. This is mostly for services that are outside the Plan's service area. There might be unusual conditions. An example is brief trouble with access to the Plan's network. Reasons are a stroke or a short-term barrier to traveling to Plan practitioners who are on hand.

   d. Clinic pharmacy is within a medical clinic.

   e. Dispensing prescriber is a practitioner who is able to sell medicines.

   f. Home infusion pharmacies specialize in the preparation of medicine that is given by IV or by injection.

g. **Long-term care (LTC) pharmacies** provide medicine to residents of LTC facilities (nursing homes, residential care facilities, mental health facilities, hospices, and long-term care or skilled nursing care beds in hospitals).

h. **Retail pharmacies** sell medicines to patients.

i. **Specialty pharmacies** coordinate many aspects of patient care; improve outcomes for patients with complex conditions; provide patient education.

j. **VA pharmacy** can distribute medicines to veterans.

5. **PODIATRIC OR CHIROPRACTIC SERVICES:** If you need a chiropractor, a referral is needed only for children under 18 and/or out-of network care. It must be approved by the Plan's Clinical Services Department before your visit. Chiropractors are limited to certain services. It is based on their contract with the Plan. Podiatric services require pre-authorization for surgical procedures other than in-office. The Health Plan reviews these claims. Podiatrists who do procedures are limited by the Plan rules. This is based on experience, training, and certification. This does not include routine foot care.

6. **ANCILLARY/OUTPATIENT SERVICES:** Providers such as ambulance, outpatient surgery centers, medical tools and goods, physical therapy, lab, X-ray, etc. are listed in the back of this book. You can see any practitioner in this part of the book. Some services need a referral from your practitioner. Be sure you get the referral first. Please read your Member Handbook to get details about this process.

7. **REFERRALS AND PRECERTIFICATIONS:** If you want to know if a service needs a referral, please call our Customer Service Department. If you want to check the status of a referral, they can also help you. Emergency services are exempt from referral.

8. **ADDITIONAL SERVICES:** Certain X-rays and diagnostic tests may be done in a doctor's office. Please check with your doctor to see if they can give the services you need.

9. **VISION BENEFITS:** Routine vision benefits are offered for MHT members up to age 21. Please see the vision directory. You must use these practitioners for routine vision benefits. You may also call Superior Vision at 1.800.879.6901 for help.

10. **PRACTITIONER QUALIFICATIONS:** If you have questions about the training of The Health Plan practitioners, please call 1.800.624.6961, ext. 7904.

Section 2

Tertiary Hospitals

Tertiary providers are to be used only when the local network can not give the service. The PCP will do the referral. No referral will be approved outside the network if the service can be given by a tertiary provider. Specialized care is referred to tertiary providers. If one provider can't take the case, we may approve another one.

All referrals must be approved by The Health Plan before you have the service. These will not be approved after the fact except for true injuries.

If you have any questions about this or any other subject, please call 1.888.613.8385 or TDD/TTY: 1.800.622.3925.
